1. Read the following interview. Write the letter of the reporter's question (A-K) on the line before the answer (1-9). There is one extra question you do not need to use. There is an example (0) at the beginning.

0) F

My favourite part of filming it was getting the opportunity to work with great people, our wonderful choreographers. It is with this movie that I got to express myself and learn to dance in a creative way.

1)

I was a little like her in high school because I was shy. I am a little more outgoing than her now and I love doing crazy things.

2)

I danced ballet for years and still take adult classes in Santa Monica. It's a great work-out.

3)

I do go back to Russia frequently, about twice a year. I hate the flight but it's worth it.

4)

I moved here with my mother and older brother when I was seven years old. I turned eight here. It was a huge culture shock and becoming "Americanized" was a process I will never forget.

5)

The thing I miss about Russia the most is what is called "black bread". It's rye bread and everyone eats it. I put sunflower oil and salt on it.... - the best thing ever.

6)

In an airport bathroom. When I was coming out, she was right there in front of me. It was funny because I couldn't get out of the place.

7)

I've always been involved with nature from an early age. I hope that future generations can reduce their effects on the earth and not repeat the mistakes our parents and their parents made.

8)

One simple thing that everyone can do is not litter. It's as simple as throwing your rubbish away in the proper place and not outside where it gets into habitats of not only animals but people too.

9)

I love them, especially dogs. I think they are the best companions. They don't lie and cheat and they are always ready to give you love.

- A) I hear that you're a trained ballet dancer. Do you still practice ballet?
- B) You've worked on both T.V. and movie sets. What do you like and not like about each?
- C) What everyday things can people do to protect the environment?
- D) What do you miss most about Russia?
- E) Where is the strangest place that a fan has recognized you?

Hi everyone,

(0) E I'm not sure how to post pictures yet, so I thought I'd just list my animals for now. If anyone has anything similar I'd love to hear your experiences.

(10) _____ I have a four foot aquarium with four fish: a regal tang, called Dorie from Finding Nemo, two clownfish and a flame angel. The names of these species probably don't mean anything to most people, so I'll just get the pictures up sometime soon and you'll see how colourful and pretty they are. I'll need a bigger tank soon because hopefully, Dorie will be nearly half a metre long.

My most beloved pet is my dog, a golden retriever called Buffy. She's been with us for five years. She loves playing with her green ball. (11) _____ She's around eight years old, and just the sweetest, kindest animal I've ever known. She's like a family member to us.

I also have two rabbits called Billy Sasket and Spazzy Rab. They're great and cute and fluffy. (12) _____ I'd like to spend more time with them so that I can communicate with them better.

My newest pet is a snake. (13) _____ She's absolutely gorgeous, and her name is Hannah. When I pick her out of her tank she is so sweet and will quite happily sit on my lap for hours. She doesn't need food very often.

(14) _____ I'll have to feed her soon if I want her to stay healthy.

Well, that's all for now. In the near future I'm going to get two more fish and a hamster. (15) _____ I want to work with them and devote my life to them. I'm interested in them very much. I'd love to hear your experiences with any of the animals I have listed or anything similar.

Thanks a lot,
Casey
